REMARKS

Claims 1-31 are pending in the application, and Claims 1-31 are subject to an election of species requirement.

The Examiner states that the application contains claims directed to several patentably distinct species, and that Applicant is required to elect a single disclosed species for prosecution on the merits to which the Claims shall be restricted if no generic Claim is finally held to be allowable. The Examiner further states that there are currently no generic Claims.

By this Response, Applicant hereby elects, without traverse, the species identified by the Examiner as group IV, drawn to a method of incorporating time and time zone information for a directory listing, and which contains Claims 26-31.

Respectfully submitted,
